Level 3 Diploma in ICT Systems & Principles

This qualification is an excellent progression course from the Level 2 Diploma in Systems Support (PC Maintenance & Repair). In this specialist Level 3 course you will learn and apply advanced technical ICT concepts in a practical hands-on setting.

There are four distinct employer recognised specialisation pathways in - **Networking, Cloud / Storage, Security or Windows Infrastructure Support**. Vendor units are mapped to awarding body units.

You will learn to work independently and be able to plan and implement complex ICT infrastructures. You will gain the Level 3 Diploma plus a range of vendor certifications on successful completion of this course. Learners will be able to progress onto the Level 4 Diploma for IT Professionals.

Topics Covered

- Customer Support Provision and Service Desk Operations
- ICT Systems Planning and Network Management
- Deploy, Configure and Upgrade Advanced ICT Applications

Duration: 6 -11 Months

Cost: £3,345

Mode of Study: Part Time

Awarding Body: City & Guilds

Plus a range of higher level specialist units based on ONE pathway selection below

Note: All the vendor units are mapped to awarding body units

Learn Computing with us Be the SPECIALIST

Many of 5E's IT training courses can be tailored to meet trainees' individual needs. You can attend extra practice sessions and work supervised on various courses; such as Microsoft Word, Excel, Adobe Photoshop and numerous others.

Additionally, approximately 2-5 hours of weekly homework is often given to trainees including theory and practical tasks.
